

**WELCOME!**

**Thank you to  
our partners**

**CDC Foundation**  
Together our impact is greater

# BACKGROUND

## Mission

Advancing equity and health for present and future generations, through sharing of best practices, leadership, and advocacy

## Vision

Healthy, more equitable communities through big city innovation and leadership

## History

Founded in 2002 to provide big city health leaders with core network of peers facing similar challenges and experiences

# STRATEGIC GOALS

1

Create, promote, and disseminate innovative best/promising policies and practices for member health departments and others addressing shared urban health challenges.

2

Provide shared value to BCHC membership to improve local health department infrastructure, build a strong organization that is a resource to members, and foster leadership development.

3

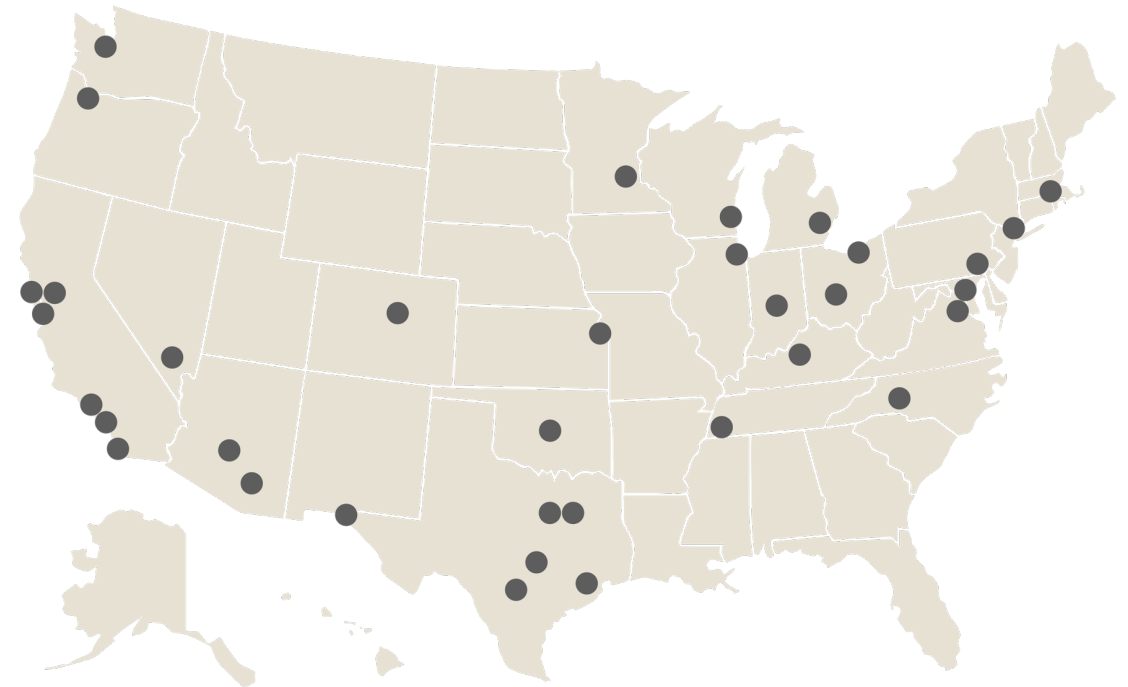

Advocate, primarily at the national level, for policies and funding to protect and improve the health of urban America.

# 35 MEMBER JURISDICTIONS

*Serve more than 61 million, or 1 in 5, people in HD's footprint*
